

Science O.C.N. - Artifacts (2005)

Tracklist:

1. Underwater cities
2. History moves on
3. Unknown signs
4. Screams and whispers
5. Messages
6. Alien machine
7. Drifting through centuries
8. Life in outerspace

This is the 3rd album by Science O.C.N. It was available as Cdr and was later released as download-album via the labels Ohrenlust and area DB.
On the album you can hear the intensive use of software-synthesizers mixed with hardware.

Credits:

Written and produced by RI.
All instruments (Synthesizers, electric guitar, bass) by RI.
Recording, mixing and dynamic mastering by RI at Science2.
Artwork by S. Sollfrank (www.new-experience.de).
Photography: Steve Wingate.
